HOW LOCAL HISTORY CAN BE MADE PROFITABLE.

North Adams is not destitute of a great deal of interesting local history. No New England town is. But our own community has a fuller measure than many another in this respect. The site of old Fort Massachusetts is that which may connect with all the important events of the Dutch, French and English settlement of this country. Hoosac Tunnel and its history is another link that might lead to the history of railroad building and development in the commonwealth. And so are there other local historical threads which lead to the important skeins of social, political and commercial history. And these vantage points lead us to inquire if our schools could not make a great use of them in the education of our youth.

What is the best means to inculcate true patriotism in American youth? A little work which has been issued by the history committee of the Brookline (Mass.) Education society has it motto the following quoted sentence:

No acquisition made by the school-boy rivals in importance the growing consciousness of his connection with the community life about him, which serve in the supreme law of good citizenship. Rightly educated he recognizes this law and becomes a valuable member of society.

The work referred to is a twenty-four-page pamphlet guide to the study of Brookline history, intended to serve as a basis of study for all grades in the public schools, from the primary to the high school. Its contents fall under three division: 1, brief but comprehensive outline of facts; 2, suggestive notes upon the elaboration of certain topics, together with various unanswered questions, planned to test the pupil's reasoning powers, or the results of his individual research and observation; 3, as complete a list of references as possible, including no fully accessible articles upon Brookline history, but also some of the more valuable works upon New Eng. and life in general. In their preface the compilers say:

As in the thought of the boy all roads lead from his home toward it, so it is hoped that a careful study of local history and local conditions will lead the mind of the pupil out toward the broader history and the more difficult problems of the nation and of the world.

It will be interesting to educators everywhere to note the results of the effort to popularize the study of local history which in Brookline has been thus systematically begun. The memorial exercises appropriate to any important anniversary necessarily should draw especial attention at this time, in the schools of any place and of the state at large, to subjects connected with local history. Conducted with good judgment, such review as the enthusiasm of a memorial season suggests will not only contribute to the information of the pupils participating, and develop among them a spirit of intelligent inquiry, but will also, as the motto of the Brookline pamphlet suggests, tend to inspire in them sentiments which make for good and useful citizenship.

Durrant, the California murderer, is to hang June 11.

While murmuring about the weather it might be well to think of the cyclones that may have been frozen out.

The Sultan makes haste to show that he is sorry if he has said or done anything to hurt Great Britain's feelings.

Still the whereso' eulogies of those stolen West Point canons remain a mystery. Has Senator Morgan been questioned?

Henry Labouchere will now proceed to prove the charges against the directors of the South African company which he recently withdrew.

It was some recompence to West Point for the disappearance of its cannon to have such a big gun in the person of Secretary Alger take its place at its monumental dedication.

The phrase "idea in the house of his friends" had a new significance to Governor Pinneo every day that the state legislature was in session.

The burden of proof appears to be on the senate. Senator Tillman calls upon the honorable body to either prove that the correspondents are liars or that the senators are corrupt.

The prejudice of the St. Louis citizen who had his ash tossed to the four winds of heaven from the Eads bridge must have been very strong against the city as a place of residence.

LOCAL INTELLIGENCE.

A son was born to Mr. and Mrs. Jacob Morin of L. Berty street, Saturday.

The fence around the V. M. C. A. property has been torn down and the appearance is much better.

The annual meeting of the Federation of Women's clubs will be held in Great Barrington on June 30.

Mrs. Mary A. Fuller, widow of Frank Fuller, died Saturday at 23 Walnut street in her 5th year. The funeral was attended from the house Tuesday afternoon at 3 o'clock.

Miss Belle Sherman has been engaged to sing in the cantata of Esther Friday night. Miss Sherman is well known in this town, and her many friends will be glad to hear her again.

There were five deaths in the city last week from the following causes: Capillary bronchitis 1, hemorrhage of the tongue resulting from an operation 1, heart disease 1, diphtheria 1, pernicious anemia 1. Three of the persons were under five years of age.

The Berkshire club now has nearly 100 members and there is talk of limiting the membership to that figure. The club has nearly doubled in the past three months. Its opening of the cafe department on Saturday evening was largely attended and a pronounced success.

The teachers of the Normal school took the first of a series of excursions for the study of nature Monday. They went as far as the Notch and made a study of the geographical, geological and botanical features of the country. The excursion was decided a pleasant and instructive one.

Clarence Benedict, Philip Cheesbro, Augustus Formhals and Arthur Davis boys about 14 years old, rode to Pittsfield Memorial day on their wheels, going by way of Cheshire and returning through Williamstown. They rode considerably about the city of Pittsfield and the whole distance covered was over 50 miles.

Alice, daughter of Mr. and Mrs. John W. Beaman of 32 Bracewell avenue, celebrated her fifth birthday Saturday afternoon by entertaining about 16 of her little friends at her home. The children enjoyed games and refreshments and had a very happy time, and the youthful hostess received a number of presents as souvenirs of the occasion.

The Berkshires club has engaged for next week Mr. Henry B. Petes of Philadelphia, one of the largest importers of art works, to give an exhibition of water colors in its rooms. On Monday a private view for the members and their friends will be held and for the balance of the week the collection will be on exhibit for those favored with invitations. The collection is said to be a very fine one and is shown yearly at the Detroit club and other select clubs.

DON'T GO IT BLIND.

There's No Need to in North Adams The Way is Almost Hedged With Guide Posts.

Have you ever read a newspaper article, a glowing account of some incident told in elusive words to lead you on, and found it ended up with a proprietary medicine advertisement? Made you mad didn't it? and were you convinced of the merit of the article? We think not, because it told the experience of some stranger in a far-away town to take his word for it was like "going it blind." It's a very different thing when a statement is prescribed from a citizen; from people we know and that's the case here.

Mrs. Anna McCusker of 35 Liberty street says:

"For the last six or eight years of the 30 that I have lived in North Adams, I suffered very much in my back with a gnawing pain right across the loins. Considerable urinary difficulty existed which caused me annoyance by day and compelled me to arise six or seven times at night. This made me weak for want of sleep and I often felt more fatigued in the morning than when I laid down. When I went to Burlington & Derby for a box of Doan's Kidney Pills I was pretty far down but they soon relieved me. First the urinary difficulty disappeared, then the dizziness and white spots before my eyes. I can now sleep at night and as a consequence my general health is greatly improved. I can highly recommend Doan's Kidney Pills for they have done me a world of good."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box, or sent on receipt of price. Foster-Millen Co., Buffalo, N. Y. Sole agents for the United States.

The burden of proof appears to be on the senate. Senator Tillman calls upon the honorable body to either prove that the correspondents are liars or that the senators are corrupt.

The prejudice of the St. Louis citizen who had his ash tossed to the four winds of heaven from the Eads bridge must have been very strong against the city as a place of residence.

OF INTEREST TO TEACHERS.

The seventh annual session of Laurel Park Teachers' Institute, under the direction of the State Board of Education, will open Monday noon, July 3, at Northampton.

Instruction will be given in courses of less

than the most important branches taught in the public schools. Attention

will be given to school management,

music and physical culture, not included

in last year's course. The following well

known educators have been engaged to

give instruction, and the services of others

will be secured: Charles S. Chapin,

principal of the Westfield Normal school;

Frank F. Murdock, principal of the North

Adams school; Arthur C. Boyden, Bridge-

ton Normal school; Miss Amy L. Boy-

den, Worcester Normal school; J. W.

MacDonald, agent of the State Board of

Education; L. Walter Sargent, assistant

superintendent of drawing; Miss Anna

E. Hill, supervisor of penmanship, Spring-

field; I. Freeman Hall, superintendent of

schools, North Adams; Elizabeth Stevens,

CIDER TURNED TO BEER.

Was This Upright North Adams Man
Innocent or Guilty?

There is living in North Adams a young
man closely connected with a wholesale
grocery concern on State street, and he is
an upright man and one who eschews
evil, and who goes out in the land round
about North Adams doing good and sel-
ling groceries. This young business man
lives on Cadby hill and is temperate, a fact
stated before the just part of the story
develops.

Now this young man occasionally journeys
to Greenwich, N. Y., where he has
relatives by marriage, and there he went
the other day, singing the praises of H.
W. Clark & Co.'s groceries and jollying
the quiet town's grocerymen.

His father-in-law, in whose eyes he
must have found favor, gave him to him
white on his recent return a jug of sweet
(so he says) beer and told him to get him
up into the land of North Adams with it,
and the son-in-law proceeded to get, car-
rying the jug which he cheerfully and
unashamedly told contained a sample of
H. W. C. & Co.'s New Orleans molasses.
But he turned on his way to the depot to
sell several grocer men what they might
need, for he is diligent in all things even
on his way to train.

The plans were drawn by Lamb & Rich,
one of the leading architectural firms of
New York. Mr. Rich does nearly all the
architectural work for Dartmouth college.
The contract has been let to A. J. Daniels
of Williamstown, who began work Mon-
day and is to have the building ready for
occupancy by January 1, 1896. The con-
tract includes the plumbing and the heat-
ing apparatus, and even the range for the
kitchen. All the plumbing will come from
Mott of New York, one of the lead-
ing manufacturers of plumbing materials
in this country. It is not yet decided
what system of heating will be used.

There were many bidders for the con-
tract, some strong and prominent firms
being among the number, and it is no
small compliment to Mr. Daniels that it
was awarded to him, and this when he
was not the lowest bidder. He will have
to push business to finish the work in the
anticipated time.

ANOTHER HANDSOME HOUSE.

A New Fraternity Building for the
Williams O. K. E. Fraternity.

The D. E. E. fraternity of Williams col-
lege is to build a fine society house on the
lot bought of C. H. Mather a few years
ago. This lot is on the south side of Main
street just west of the Gardwell place at
the corner of Main and Hoxie streets. The
building will be 30 by 70 feet and two stories
high. The material will be buff
brick with Indiana white limestone trim-
ming, and the interior finish will be hard
wood, with the exception of the hall,
which will be white-old colonial style.
The stairs will be oak with mahogany
rails and balusters. The dining room and
library will be finished in quartered oak
and the rest of the rooms in brown oak.
The attic will be finished in white wood,
natural color. The floor of the hall will
be quartered oak and the other floors will
be of quartered pine. The building
will have spacious pantries front and rear,
that on the front being very high and sup-
ported by large pillars. Under this will be a
spectacular balcony above the door. The build-
ing will be one of the handsomest houses
in Williamstown and will contain
every modern improvement and conven-
ience. It will cost about \$17,000.

The plans were drawn by Lamb & Rich,
one of the leading architectural firms of
New York. Mr. Rich does nearly all the
architectural work for Dartmouth college.
The contract has been let to A. J. Daniels
of Williamstown, who began work Mon-
day and is to have the building ready for
occupancy by January 1, 1896. The con-
tract includes the plumbing and the heat-
ing apparatus, and even the range for the
kitchen. All the plumbing will come from
Mott of New York, one of the lead-
ing manufacturers of plumbing materials
in this country. It is not yet decided
what system of heating will be used.

There were many bidders for the con-
tract, some strong and prominent firms
being among the number, and it is no
small compliment to Mr. Daniels that it
was awarded to him, and this when he
was not the lowest bidder. He will have
to push business to finish the work in the
anticipated time.

CONCERT BY DRURY SENIORS.

A Fair Sized Audience Well Entertained
at Columbia Opera House.

The concert given at Columbia opera
house Tuesday evening by the senior class
of Drury high school was attended by a
fair sized and appreciative audience. A
good program of vocal and instrumental
selections was well rendered and favorably
received. The male chorus composed of
Messrs. Dunham, Memmot, Howland,
Warren, Millard, Underwood and Spencer
did good work and the selections rendered
by the violin quartet composed of Thomas
Boyd, Warren, Sanford, Joseph
Udell and Miss Helen Chase were very
well done. Miss Mac Larkin sang a
selection from "Rob Roy" in her usual
captivating style, and other attractive features were piano
solos by Edward E. Houckian, a recitation
by Miss Elizabeth Costello, a solo by
Clarence W. Dunham, a violin solo by
Thomas Boyd, a piano solo by Miss Beata
Cutting and mandolin solo by Miss Gertrude
Orr. Every number on the program was
heartily applauded and the enthusiasm
of the audience was kept up from the
opening to the close. The concert was
highly creditable to the seniors, who will
use the proceeds to defray graduation ex-
penses.

many weeks of careful study of the subject
assigned him.

Weather Prophet Tuttle reports that
there was a black frost this morning and
that he knew it was coming because there
was a heavy fog on the morning of February
2. Mr. Tuttle predicts a white frost
Thursday morning if the weather
holds clear.

Chapp's band will begin their annual
fair at Odd Fellows' hall on Saturday
evening, September 11, to continue seven
nights ending Saturday evening September
18. It is the aim of the management
to make this the finest fair ever held by
this organization.

The Kurtzman grand piano on which
J. H. Cody had been giving out tickets
since Christmas was now drawn this morning.
About 10,000 tickets were given out and
they nearly filled a wash tub. The piano
was drawn by M. D. Martin of Stamford,
Vt., whose ticket was No. 8638.

Successful Festival.

The two nights festival held by the F.
M. T. A. society closed Tuesday evening.
It was designed as a lawn festival and was
held the first evening on the lawn in the
rear of the hall on Centre street, but it
was so cool Tuesday evening that the ex-
ercises were held in the room. There was
a table for the sale of ice cream and the
chief amusement was dancing. The
ideal orchestra furnishing music. There
was a voting contest for a fine pipe, the
contestants being Louis Noel and Thomas
Quinn. Mr. Quinn won the pipe. Mr. Quinn
collected \$37.35 while Mr. Noel had
\$29.50.

The festival furnished much amusement
to all who attended and was very success-
ful in every way. The society intends to
hold such a festival once a month through
the summer.

**Lawyer Dowlin, one of O'Neill's attor-
neys was seen and asked if he had heard
anything of what had been going on
the rounds as to the spirit revelation. He
said that he had a number of times, and was
interested to know how far the story
had gained circulation. When asked if it
were true that any such spiritualistic
occurrence had taken place, he turned the
matter off without a direct answer. His
final remark was "Well, there are some
things I am going to investigate." That
was all he would say.**

**In reply to your communication printed yesterday regarding
the Murray Hill ball game I wish to say Saturday night Mr. Lawson instruc-
ted me to get the advertising wagon out early Monday morning. I did not see
him again until Monday afternoon and did not know until then that the Murray
Hill club was not coming. As soon as I learned this I hunted up the wagon and had
it taken off the streets. I wish to state most emphatically that Mr. Lawson
was at the ball park Monday forenoon and did not know that the Murray Hill
club was being advertised in North Adams to play the afternoon game. Mr. Lawson
has always advised me to be careful to advertise the games exactly as they were to
come off.**
